

## JOINT OPERATING AGREEMENT

(A.A.P.L. Form 610 -- 1989 Model Form Operating Agreement)

This Operating Agreement is dated September 15, 2025, by and among the parties who execute it ("Parties").

Operator: Front Range Petroleum, LLC.

Contract Area: Township 32 North, Range 68 West, 6th P.M., Section 22: S/2, Converse County, Wyoming.

Parties and Working Interests

| Party                                 | Working Interest |
|---------------------------------------|------------------|
| Front Range Petroleum, LLC (Operator) | 65.00%           |
| Red River Minerals, LLC               | 20.00%           |
| Keystone Shale Partners, LP           | 15.00%           |

Article V -- Operator

Front Range Petroleum, LLC is designated Operator and shall conduct operations as a reasonably prudent operator, but shall have no liability except for gross negligence or willful misconduct. Operator may be removed for cause by the affirmative vote of Non-Operators owning a majority of the working interest remaining after excluding Operator.

Article VI -- Drilling and Development

The Initial Well shall be drilled to a depth sufficient to test the Wolfcamp B. Any Party may propose subsequent operations; a Party electing not to participate ("non-consent") relinquishes its share of production until the participating Parties recover 400% of such non-consenting Party's share of costs.

Article VII -- Expenditures and Liability

Operator shall furnish an AFE for any single operation estimated to cost more than \$100,000.00. The liability of the Parties is several, not joint or collective; each Party is responsible only for its proportionate share, secured by the lien and security interest granted in Article VII.B.

Article XI / XV -- Force Majeure; Miscellaneous

Obligations (other than to make money payments) are suspended during force majeure. Exhibits A through G (including the Accounting Procedure and Insurance) are attached and incorporated by reference.

OPERATOR: Front Range Petroleum, LLC
